

GetWorkGear
Uniform management system

Where are my shoes?

The rigors of getting your team dressed in the right uniform should be a thing of the past, and now, with Get WorkGear, it is.

Get WorkGear is our new uniform ordering platform. It is quick, easy and hassle free to use. It allows us to create a personalised portal where you access and order your products. The portal can be secure or publicly accessible depending on your needs.

Empowering your team to dress themselves.

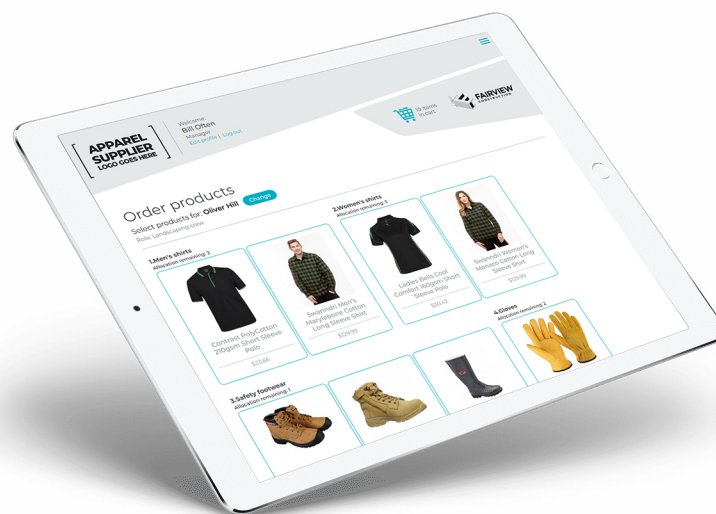

Get WorkGear is focused on empowering you and your team to dress themselves. It allows you to manage uniform allocations for staff and can limit the products your staff can order. Managers are able to view staff's allocations and approve their orders; they can even order on their staff's behalf if needed.

Roles determine what products, and the quantities staff can order. You will have as many roles as you need to cover all your different employee requirements.

If not using staff allocations, we simplify the ordering process even further by offering a bulk order interface to reduce the amount of time needed to make your orders.

Lets' get dressed.

Here are a few of the ordering interfaces to show you how easy it is for employees and managers to get the team dressed.

Find out more at:
getworkgear.com

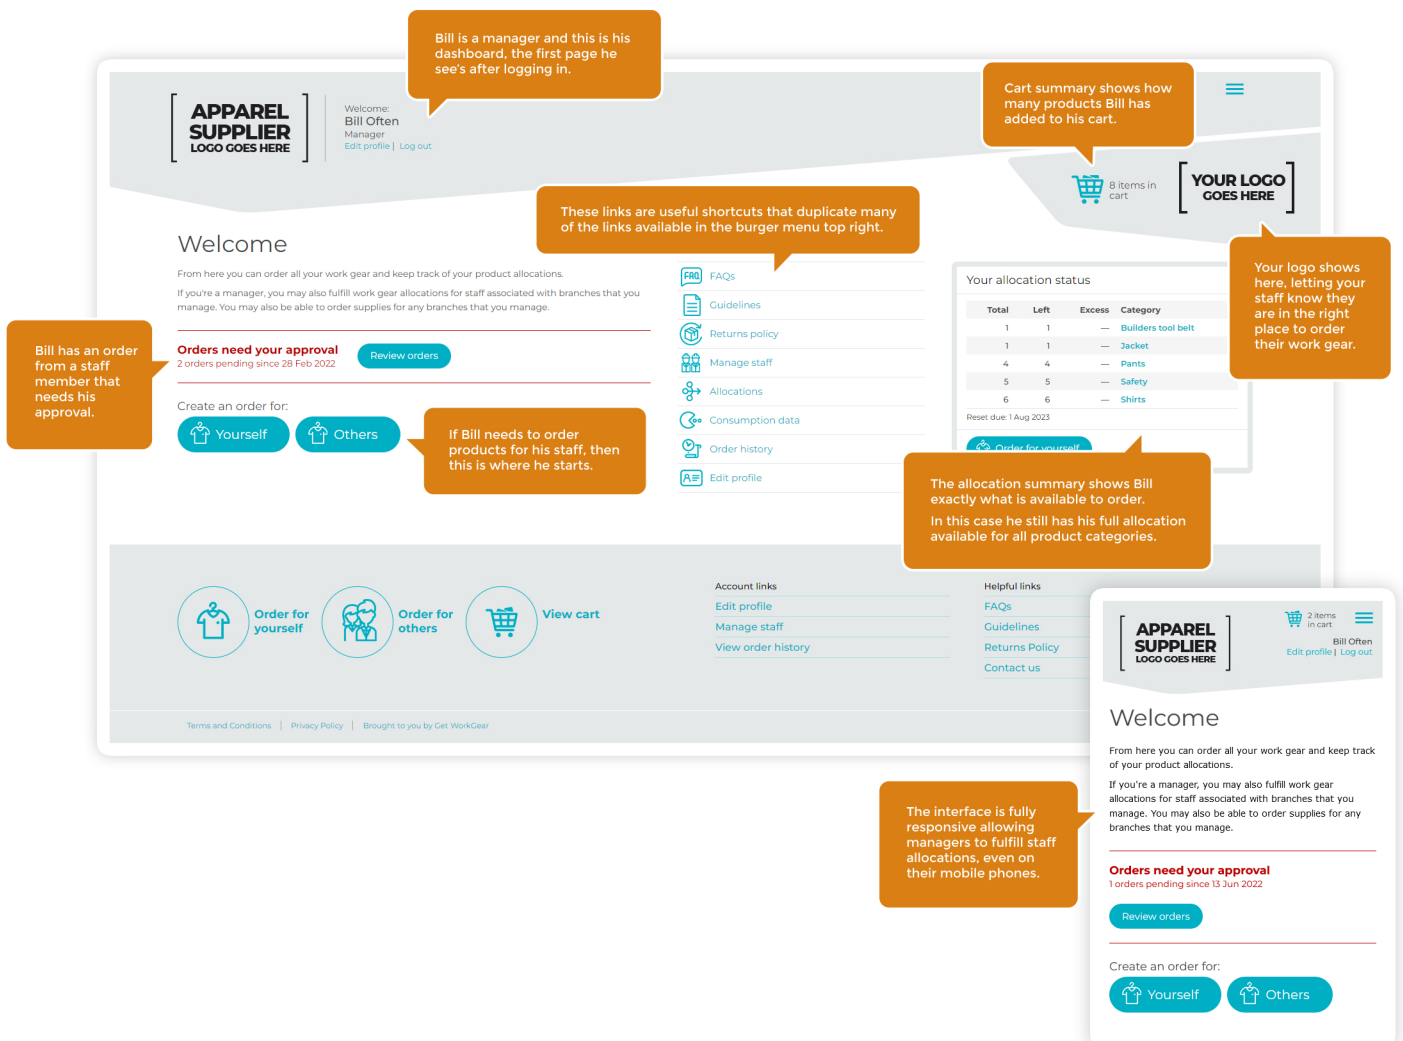

Empower your staff to
get themselves dressed.

Managers and employees can access the system and order only what they're allowed.

The managers dashboard gives them access to all the information they need to fulfil their own or their staffs product allocations.

Find out more at:
getworkgear.com

Getting your staff looking good has never been easier.

Managers can make orders on behalf of individual employee's or branches.

Your staff will only see products specifically available to them so they can't go wrong.

Filter staff by branch:

All branches

Filter staff by role:

All staff roles

Select a staff member or branch:

Branch | Ashburton

Branch | Auckland

Branch | Branberry

Amanda Fussover

Anna Prentice

Ash Nicely

Ashton Martan

Babe Ruthe

Berniee Rubble

Bill Board

Brooke Brambles

Add employee

Managers can also order products for locations as well as staff.

Filters make it easy for managers to find their employees.

Managers have control and can even add their own employees to the system.

*Product prices exclude GST.

Product prices can be hidden if needed.

We clearly show product quantities already added to the cart.

Each product category has its own allocation controlling the quantity of products that can be ordered.

Allocations can use quantity or price to limit the number of products available to a staff member.

What Get WorkGear client have to say:

Clients love that they can go in, select their items and checkout in under a minute!

It's so easy all my staff are now using it without any trouble at all. They don't even need any training as it is so self explanatory.

Customer feedback is extremely positive, being user friendly, flexible and efficient.

Add your products to the cart and checkout.

Staff can review their orders on the cart page.

All the products in your cart are clearly listed including colour, size, and quantity options. Products are organised by the person the order is for, then by the category the product is part of.

Products can be easily edited or removed if needed.

Allocations, if using, are shown here.

It is possible to exceed allocations but only if permitted and credit card payments are enabled. This means staff can potentially order additional products using their own credit card.

Product totals and GST are all clearly shown.

Delivery addresses can be pre-loaded into the system making it even easier for your staff to checkout.

Confirm delivery details

When an order is for multiple people, a separate delivery address is used for every recipient.

Order for: **Bill Oftern**
